

# ImPACT Open

The Hughston Foundation is organizing a golf tournament to show our appreciation to athletic coaches in the Auburn and Montgomery area and to raise money for ImPACT concussion management software for Auburn and Montgomery area schools. The Foundation plans to support the tournament annually to help purchase life-saving equipment, such as ImPACT for our children.

ImPACT is the most widely used computer-based concussion management program in the world and it is being used effectively in high schools, colleges, and by professional teams.
