

MAGNETIC RESONANCE IMAGING (MRI)

PATIENT NOTIFICATION

This letter provides important information about MRI referrals. Please be advised that you may choose to have your MRI performed at any one of the following locations in your area including, but not limited to:

Montgomery Open MRI
7100 University Ct.
Montgomery, Alabama 36117
334 213-0036

Hughston Diagnostics – Columbus
6262 Veterans Parkway
Columbus, Georgia 31909
706 324-6661
800 331-2910

Jack Hughston Medical Center
4401 Riverchase Drive
Phenix City, Alabama 36867
334 732-3000

Carmichael Imaging
4145 Carmichael Rd.
Montgomery, Alabama 36106
334 387-1100

Jackson Imaging Center
1825 Park Place
Montgomery, Alabama 36106
334 834-3671

Sonos Imaging
2715 Legends Parkway
Prattville, Alabama 36066
334 676-4520

High Tech Imaging Center
1510 Forest Avenue
Montgomery, Alabama 36106
334 265-7213

Hughston Montgomery MRI utilizes a 1.5 Tesla GE MRI machine, which is accredited with the American College of Radiology, to perform all types of orthopaedic MRI exams.

All of our images are read by musculoskeletal specialty-trained radiologists. Magnetic Resonance Imaging is a type of scan that our physicians schedule when soft tissue, which cannot be seen as well on traditional radiographs, needs to be visualized. MRI is a non-invasive procedure, which takes about 30 to 45 minutes to complete and causes no known side effects.

MRI is safe for patients with total hip or knee prostheses, but not for patients with artificial heart valves, pacemakers, or aneurysm clips. To ensure safety, the technologist will screen each patient before the exam to go over these and other questions.

Hughston Montgomery MRI
Hours: 7:00 AM-5:00 PM Monday-Friday
Phone: 334 274-9000
Fax: 706 494-3453
